Fascinating Sights Of Penang

Penang, popularly known as the Pearl of the Orient shines above all and still ranks amongst one of the most visited destinations in Malaysia. In the best of urban integrity and old world ambience and charm, Penang's product diversity with its beaches, cultural richness and heritage, shopping paradise, picturesque delights and culinary delights and hawker's fare, make every visit a memorable Penang Experience.

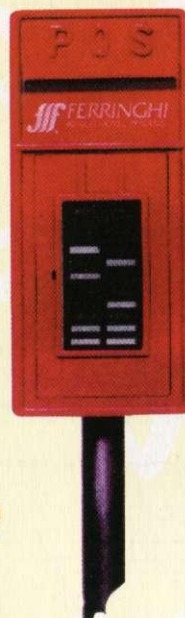

The re-establishment and repositioning of Penang as a regional centre for commerce and trade in Northern Peninsular and the Northern Growth Triangle complements the promotion of Penang as a Meeting, Incentive, Convention and Exhibition (MICE) destination, enhanced by the completed North-South Expressway, a boost for business, industrial, travel and tourism growth, making timeless impressions throughout Visit Penang Year '99.

Location

Nestled along Batu Ferringhi Road, a short and pleasant ride to Georgetown and a picturesque drive to the Bayan Lepas International Airport, Ferringhi Beach Hotel is also in close proximity to some of the island's most famed tourists spots.
